

# San Francisco Chapter of Mini Owners of America

## Purpose of MOASF

The prime objective of the MOASF is to provide a cohesive gathering of Mini Owners who are dedicated to the preservation and enjoyment of the Marvelous Mini. To our members, this car is a very unique bit of automotive history, having been manufactured (virtually unchanged) from 1959 until the year 2000. Sales figures exceeding five million put this car in a class that few others can lay claim to.

An important goal for the club is to provide a forum for Mini Owners in the Bay Area and beyond. One of the more important advantages of belonging to any car club is to associate the members with people who know quirks and the ins & outs of repair and maintenance on any given car. Many of our members are sufficiently familiar with the inner workings and the art of restoring these magnificent little cars and are always willing to share that information with fellow Mini aficionados.

The club hopes to provide activities and social events that lend themselves to driving and enjoying the Mini to its fullest extent. These events include parties, picnics, mountain forays, auto crosses, rallies and other social events designed to bring Mini owners together.

We welcome anyone who is a fan of the Mini--owner or not. Come join us and let us show you how dedicated we are to the worlds' most fun car.

Mini Owners of America, San Francisco Chapter

Have you been to the official  
Mini Owners of America San Francisco  
website?

**www.MOASF.com**

Download a membership application, keep apprised of upcoming club events, join interesting conversations on our message board, or check out the pictures in our galleries.

If you would like a FREE issue of the MOASF club newsletter that includes a membership application, detach the bottom half of this flyer, put a stamp on it and drop it in the mail.  
It's that easy!
